At today's general meeting in Roblon A/S the following information is included in the board's report:

Roblon's order intake and order book for the financial year 2015/16 and estimated identified potential.

At the annual general meeting on 26 January 2017 the board of Roblon A/S will give the following not previously released information about the order situation end of the financial year 2015/16:

Total order intake for continuing operations for Q4 of the financial year 2015/16 was DKK 53.9 million which is an increase compared to the same period the year before of 50%. In the two continuing business segments Industrial Fiber increased by 44% and Engineering by 60%.

Total order intake for continuing operations for whole 2015/16 was DKK 253.8 million which is an increase compared to the year before of 37%. Industrial Fiber increased by 49% and Engineering increased by 20%.

Total order book for continuing operations as of 31 October 2016 was DKK 50.9 million which is an increase compared to the same period last year of 89%. The order book for Industrial Fiber increased by 88% while it increased in Engineering by 91%.

End of 2016 management's total estimated identified potential in the business segment Roblon Industrial Fiber amounts to more than DKK 2 billion and more than DKK 0.5 billion in the business segment Roblon Engineering.

In Roblon's annual report for 2015/16 management expected revenue for continuing operations in the region of DKK 240 million and profit before tax of around DKK 15 million in the financial year 2016/17. These expectations are unchanged.

Roblon A/S will release the first interim report for 2016/17 in connection with our ordinary board meeting on 9 March 2017.

Frederikshavn, 26 January 2017
Roblon A/S
